Brilliant tableaux of New York noir, his portraits.....have become as much a staple of Big Apple iconography as the Empire State Building. --Tatler, 1st February 2014

With the rich history of both the photographer and of New York City and its criminal history on display in this book, photographers with an interest in macabre, film noir or simply the techniques of a skilled photographer must enjoy this volume. --Amateur Photographer, 30th November 2013 Présentation de l'éditeur

For a decade between 1935 and 1946, Weegee made a name for himself snapping crime scenes, victims and perpetrators. Armed with a Speed Graphic camera and a police-band radio, Weegee often beat the cops to the story, determined to sell his pictures to the sensation-hungry tabloids. His stark black-and-white photos were often lurid and unsettling. Yet, as this beautifully produced volume shows, they were also brimming with humanity. Designed as a series of 'dossiers,' this book follows Weegee's transformation from a freelancer to a photo-detective. It explores his relationship with the tabloid press and gangster culture and reveals his intimate knowledge of New York's darkest corners. It provides readers with a rich historical experience - a New York City 'noir' shot through the lens of one of its most iconoclastic figures. Biographie de l'auteur BRIAN WALLIS is Deputy Director of Exhibitions and Collections and Chief Curator at the International Center of Photography in New York City. Formerly a curator at the New Museum of Contemporary Art in New York City, and Senior Editor at Art in America, he is the author of numerous publications on art, art history and photography.
