Présentation de l'éditeur

Beetles are ravishingly beautiful and engagingly odd, often at the same time. A Box of Beetles offers you 100 examples of the most striking species in a very photogenic family, from the glittering metallic rose beetles that were worn by the Etruscans as jewellery, to the vast (and aptly named) Titanic beetle, which is almost 8 inches long, and strong enough to snap a pencil between its jaws. Flip through the pack, marvelling at its inhabitants, then choose the most awesome to send or display.
